THE COMPANY

Ature Energy Ltd. is a leading Comprehensive Energy Company. We are committed to sustainably providing eco-conscious engineering solutions, responsible procurement support, and the supply of Premium energy products designed to meet the highest environmental standards.

“

Our integrated approach emphasizes sustainability and collaboration. With client focused multi-discipline seamless support, our clients enjoy cohesive, effective, and environmentally responsible solutions.

CORPORATE VISION

Bespoke Oil and Gas and Energy Service Company, committed to Sustainable Energy Solutions.

CORPORATE STATEMENT

Deliver operationally Excellent Expert Support Service with Maximum efficiency with Minimum environmental impact.

OUR SUSTAINABILITY GOAL

Sustainability is embedded in our culture and the way we do business. With our scale and expertise, we enable a more responsible, balanced and sustainable future. As sustainability leaders, we are committed to promoting Globally established Best - Practices in our projects.

ABOUT US

OUR IDENTITY

Ature Energy is a compressive energy company that drives sustainability and value across all projects.

OUR AMBITION

To be a major Global player in the Energy Service and Sustainability Industry.

OUR STRENGTH

Our Employees, Our Innovation, our Expertise and Experience, Comprehensive Energy service business Model, our Partners equips us to archive our ambition.

OUR EXPERTISE

Cutting Edge Innovation and Expertise in Energy Services and Management.

OUR SERVICES

ENGINEERING AND PROJECT MANAGEMENT

- Conceptual Studies
- Front End Engineering Design (FEED)
- Detailed Engineering Design (DED)
- Project Management
- Construction Management
- Procurement
- Field Survey

CRUDE OIL DRILLING AND GAS PRODUCTION/ WELL DEVELOPMENT SERVICE

- Rig Hoisting and Supply
- Mudlogging
- Measurement While Drilling
- Open Hole Wireline Logging
- Drill Bit Supply
- Cementing Services
- Logging While Drilling
- Directional Drilling
- Managed Pressure Drilling
- Liner Hanger
- Casing and Completions
- Accessories
- Lower Completions
- Upper Completions
- Tubular Running
- Well Stimulation
- Cased Hole Wireline Logging
- Sand Control

WELL INTERVENTION

- Intervention Services
- Coiled Tubing Services
- Slickline Services
- Cased Hole Wireline Services
- PuTubular Running
- Pipe Recovery
- Well Integrity Surveillance
- Sand Control
- Wireline Perforating

PRODUCTION OPTIMIZATION

- Production Services
- Well performance optimization
- Flow assurance problems
- Facility debottlenecking
- Gas lift optimization
- Production system optimization
- Artificial lift studies
- Reservoir optimization including water flooding
- Asset Integrity
- Production Valves

PIPELINE CONSTRUCTION

- Installation of Pipeline (Shallow/ Deep Water)
- Flow line Construction and wellhead hook ups.
- Well Tie – in Installation
- Hot Tapping and Live Welding
- Fabricating & Installing Pig
- Launder & Receivers
- Salvaging Pipeline
- Hydro Testing and Cleanup of Pipe line
- Construction & Maintaining the ROW for Pipelines
- Repairing and Maintaining Pipeline
- Sleeves in live pipelines

OPERATIONS SUPPORT

- Health, Safety and
- Environment (HSE)
- Information Technology
- Logistics
- Procurement
- Warehousing
- Project Liaison
- Operations Management
- Human Resources
- Accounting
- Community Relations

ATURE PETROLEUM ASSET CONSULTING SERVICES

- Reservoir evaluation
- Field development planning
- Production optimization
- Cost analysis
- Market intelligence and risk assessment.

WATER AND WASTE MANAGEMENT SOLUTIONS

- Deoiling Hydro cyclones
Induced Gas Floatation
- (WEMCO)
Nutshell Media Filtration
- Coalesces
Corrugated Plate
- Interceptors (CPIs)
- Cartridge Filtration /
- Polishers
- Chemical Injection
Systems
Sand Control Systems
Controlled Incineration
Systems

OIL PRODUCTION CHEMICALS & LUBRICANTS SERVICES AND SOLUTIONS

- Lubricants: We offer automotive, industrial, and marine oils, ensuring optimal performance and protection for various applications.
- Own Formulations & Brand Names: Our expertise lies in developing and marketing lubricants with our unique formulations and distinctive brand names.

INTEGRATED RESERVOIR STUDIES

- Integrated Reservoir Studies
- Processing and Interpretation of Seismic Data
- Reservoir Characterization and Simulation Geological,
- Petrophysical, and Geo mechanical Studies
Field Development
- Planning and Well Placement
Petroleum Economics
-

MARINE OPERATIONS

- Offshore Installation Vessels
- Offshore Supply Vessels
- Jack-Up Vessels
- Anchor Handling / Towing
- Crew Vessels
- Diving Support Vessels
- Engineering of rig moving operations – jack-up and floating
- Offshore facility transportation and installation ('T&I')
- Modular facility transportation and installation ('T&I')
- Marine renewables installation engineering
- Decommissioning of offshore facilities
- Operability and workability assessments
- Moorings, umbilicals, risers, and pipeline installation
- Power cable systems routing and installation – cable lay, pullin, free span, on bottom stability, freely hanging within monopile

ENERGY MANAGEMENT SERVICES

Solar Power Solutions

EcoFriendly Smart Home Technologies

OUR TECHNICAL PARTNERS

TECHNICAL EXPERTS

Highly-trained and experienced technical professionals with a proven track record in energy projects across Africa and beyond.

INDUSTRY LEADERS

Seasoned non-technical professionals with masterful business acumen to drive growth and revenue.

DIVERSITY

A dynamic team of diverse cultures, skills and experiences that reflect our commitment to inclusivity and equal opportunity for all.

OUR IMPACT

SUSTAINABLE OPERATIONS

We prioritize environmental safety and continuously seek cleaner, safer processes that reduce our carbon footprint.

COMMUNITY DEVELOPMENT

- Investment in skills acquisition, co-operative and educational programmes to impact the communities in which we operate.
- Partnership with state and non- state actors to promote social and economic growth. Deeply embedded in the communities where we operate, and committed to mutually beneficial relationships that foster development,
- Deeply embedded in the communities where we operate, and committed to mutually beneficial relationships that foster development.

CUSTOMER SATISFACTION

We are committed to meeting and exceeding customer expectations by providing quality products and services at all times. Our customers come first.
